W. H. MULLINS' GIFT.
500-WORD HISTORY.
SPEEDY AUTO.
OUT OF DATE.

—By Arthur Brisbane—
(Copyright 1929, By King Features
Syndicate, Inc.)

WILLIAM H. MULLINS, son of
the late James Mullins, and
like his father, among the most
able and respected men in Ohio, grew
to Salem a home for nurses. This
act, in memory of his mother, sets
an excellent example to others that
can afford to be generous.

Intelligent nursing is as impor-
tant as the doctor's work, and
nurses should be made comfortable.
Young Americans, wondering "if
there is still chance," might study
Mr. W. H. Mullins' start in busi-
ness, on his own account. When
very young, he saw a locomotive
had been in a smashup on the Port
Wayne road that he bought for its
value as "scrap," set himself and
two or three mechanics to work, re-
paired, and sold it for enough to
start what became a big successful
business.

There are chances for those that
have energy.

Calvin Coolidge will write a 500-
word history of this country, to be
carved in big letters on a mountain-
side.

Mr. Coolidge, laconic, will say
much in 500 words. And enough
could be said in fewer words, for
instance:

Europeans landed on the east
coast of North America, killed off
the Indians and drove out King
George, not liking taxation without
representation.

They established industrial feudal-
ism in place of military feudalism,
and many money kings in
place of one English king. They
fought among themselves once
north against south. All united,
they are building a great nation,
great prosperity.

There is danger of their going
abroad to receive directions from a
world court, or a league of European
nations, instead of continuing to
rely upon themselves.

The English are building a speed
automobile described as "enormous,
and terrifying in appearance." With
an engine of 4,000 horsepower, it is
expected to break the world's speed
record of 213.36 miles an hour. In
spite of its great length, 25 feet, the
great car, running only 2 1/2 feet above
the ground, weighs only 11,000
pounds. It has two wide fins at the
rear end, like those of a dirigible.
Its 12 cylinders, cast in aluminum,
are lined with very light metal.

This is all interesting, for it
means engine improvements that
will be utilized in airplane con-
struction later. They are useless on
the ground.

The thing that interests the av-
erage man is to get the kind of av-
tomobile that will get him where
he wants to go and bring him back,
and that every man should do,
rather than admit that his time is
worth nothing.

MacDonald, intelligent British
statesman would abandon battle-
ship building.

Our delegates to the naval con-
ference do not want the battleship
given up. But for their high charac-
ter, you might think they had
heard the siren voice of battle-
ships and armor plate lobbyists.

Battleships are out of date,
mere targets for airplane bombs,
profitable only to their makers,
costing fifty to sixty million dollars
each.

Perhaps our delegates will hear
from President Hoover, who is not
of date, and knows that Brit-
ain's great battle fleet played no
part in the last war, primitive air-
craft and submarines making it
useless.

What would modern planes and
submarines do?

Crimes speak louder than words,
and very loud in this fair country
just now.

A man arrested in Chicago, ac-
cused of participating in the St.
Valentine's day massacre, was de-
lighted to find that "only police-
men" were after him.

Said he, "I am glad to see you, I
thought some guys were going to
take me for a ride sure."

In Brooklyn a dead body is picked
up on the steps of a residence,
probably thrown out of an automo-
bile.

The police say: "A shake-down
man, collector for gangsters, pres-
ent in bakers, very likely out of the
crowd that killed Frankie Yale."
And that's that, as far as that
criminal goes.

More interesting is the fact that
the well-known gambler, Rothstein,
whose murder puzzled New York's
police and baffled the district at-
torney, was probably killed by a
man who will never be convicted,
for the reason that he himself has
since been murdered by Rothstein's
friends.

Even our able corporations might
learn something about efficient or-
ganization from our able criminals.

Snow In Gotham
New York, Jan. 18.—Snow fell in
New York early today and a heavy
fall was forecast. Colder weather
was predicted for tonight.

THE SALEM NEWS

MIDWEST IN GRIP OF SEVERE COLD WAVE

LaGuardia Attempts Blocking Dry Law Enforcement Funds

RATIFICATION OF AMENDMENT NOT LEGAL, HE SAYS

Move Will Probably Be
Failure, But Will
Cause Stir

COURT BATTLE ON TOPIC LOOMING

Supreme Court Already Has Upheld Dry Law Validity

Washington, Jan. 18.—The most
formidable attack on prohibition
since the supreme court upheld the
Volstead act was scheduled to be
launched in the house today.

Inspired by Rep. LaGuardia (R)
of New York, the anti-prohibition-
ists planned to question the consti-
tutionality of the eighteenth amend-
ment's ratification.

The New Yorker will invoke this
issue in the hope of shutting off all
appropriations or enforcement of
the dry law. Although his move
seemed predestined to failure, it
carried up tremendous possibilities
and may well be carried into the
courts for final ruling.

When the house gets around to
consideration today of the \$15,000-
600 item in the treasury appropriat-
ion bill which is intended for en-
forcement costs, LaGuardia will
make a point of order against it on
the ground the eighteenth amend-
ment actually went out of existence
to prove his contention.

The point revolves around the
question of what measure the ne-
cessary 35 states ratified when pro-
hibition was incorporated in the
constitution. LaGuardia contends
that all but ten of them actually
acted upon the authorizing resolu-
tion sponsored by Senator Morris
Sheppard (D) of Texas, and not
the actual amendment.

He will call attention to the
third section of the amendment,
which states "this article shall be
operative unless it shall have been
ratified as an amendment to the
constitution by the legislatures of
the several states, as provided
in the constitution, within seven
years from the date of the submis-
sion hereof to the states by con-
gress." This identical language origi-
nally was in the Sheppard resolution.

FARMERS PLUG GUILFORD DAM

State Orders Water To
Be Released; 400 Acres
Are Covered

Farmers in the vicinity of Guil-
ford State Park recently closed all
openings in the breastwork of the
proposed lake and as a result about
400 acres of ground have been cov-
ered with water, at approximately
25 feet in depth.

The closing of the openings has
been reported to the state conserva-
tion commission.

Representatives of the commission
have visited the Guilford site and
through Deputy Game Warden Lon
Boring ordered the water drained
from the lake, even if it was ne-
cessary to obtain the services of a
diver.

Water has been flowing over the
concrete spillway for several days.
It is the intent of the state to
place a concrete apron on the in-
side of the breastwork this season,
and the water will have to be
drained to permit the ground to dry.

This is the first intimation receiv-
ed in the county of the intent of
the state to proceed with the final
improvement at the new state park.
It is also the first time that water
has flowed over the new concrete
spillway.

McCumber Guilty Of Petty Larceny

Washington, Jan. 18.—Donald R.
McCumber, 35, son of former Sen-
ator McCumber of North Dakota,
pleaded guilty to a charge of taking
a bottle of cream worth 24 cents,
which was preferred by two milk
wagon drivers. At first he plead-
ed not guilty and elected a jury
trial.

He said he needed the milk before
the stores were open and intended
paying the dairy company later in
the day.

The court remarked: "It was a
shame a man of his calibre should
be drawn into such a case" and ac-
cepted personal bond not to "do
it again."

Speaks Here

A. R. CHRISTY

SALEM Rotarians will entertain
S. A. R. Christy of Fremont, dis-
trict governor of the 21st Rotary
district, when he comes for his
official visit today.

He will have a business confer-
ence with the club directors and of-
ficers at 11 a. m. and will be the
speaker at the club's weekly lunch-
on at noon at the Elks home.

Christy is past president of the
Fremont club and has been closely
identified with the business life of
that city as a manufacturer and
banker. He is vice president of the
Colonial bank; president of the
Carter-Christy Advertising corpora-
tion; treasurer of the Christy com-
pany, manufacturers of safety
razors.

SENATE REJECTS SUGAR PROPOSAL

Action Defeats Drive To
Give Greater Tariff
To U. S. Industry

Washington, Jan. 18.—After re-
fusing an increase in sugar tariffs,
the senate late Friday afternoon
rejected a proposal to pay a bounty
to American sugar producers.

The double blow completely de-
feated the Republican drive to give
greater tariff protection to the sug-
ar industry in the continental Unit-
ed States against free trade Philip-
pine importations and the dutiable
Cuban imports. There was but one
hope left for the sugar interests—in
a plan of Senator Smoot (R) of
Utah to secure another vote later
on an increase of existing duties to
\$2.00 per hundred pounds on Cuban
imports.

The Democratic-insurgent coal-
ition which defeated a higher sugar
tariff declared the American con-
suming public has been saved \$54-
699,699 a year.

The bounty meanwhile, was re-
jected 22 to 53.

Eastern Embezzler Arrested In Ohio

Springfield, O., Jan. 18.—A man
who gave his name as James Atkin-
son Smith, Friday, confessed to the
embezzlement of \$100,000 in Hart-
ford, Conn., last October, according
to local police who arrested the man
in a traction station here several
days ago.

A telephone conversation with
Hartford police confirmed the man's
story, and Detective J. B. Hickey
of that city is enroute here to take
Smith to Hartford for trial.

In a statement to police, Smith
said he was a curb broker in Hart-
ford and was a victim of the Octo-
ber stock market crash. Using
funds other than his own with
which to cover his shortages, when
the market failed to recover, he
closed his office rather than face a
charge of embezzlement, police said.

According to a telegram received
here, Smith is also wanted in
Wheeling, W. Va., on a charge of
issuing a forged \$75 check.

Committee Endorses Republican Officials

Springfield, O., Jan. 18.—Follow-
ing a meeting of the seventh con-
gressional district Republican com-
mittee, Governor Myers, Y. Cooper,
and Lieutenant Governor John T.
Brown, Mechanicsburg, today stand
indorsed for second terms.

The indorsements which are said
to be the first to be made by any
congressional district committee, are
considered to be the start of the
state-wide election campaign.

Roscoe C. McCulloch, who was re-
cently appointed U. S. Senator, was
indorsed to succeed himself. Secre-
tary of State Clarence J. Brown,
also received the nod for a third
term.

PARITY BARRIER AHEAD OF NAVAL CONFERENCE APPEARS BEYOND HOPE

Attitude of France and
Italy No Aid To Early
Agreement

London, Jan. 18.—Their first day
in London has convinced the Amer-
ican delegates to the five-power
naval disarmament conference that
the difficulties in the way of any-
thing like complete naval agree-
ments covering all categories are
virtually insurmountable.

Japan's demand for a 70 per cent.
maximum cruiser strength with
Great Britain and America, France's
suspicious and intransigent attitude
toward the whole undertaking, and
Italy's demand for parity with
France coupled with numerous kinks
still to be ironed out in the British-
American adjustment with regard
to capital ships and cruisers all com-
bine to impress the newly arrived
Americans with the enormity of the
undertaking ahead of them.

The positions can be reconciled

in the three days before the confer-
ence actually assembles, but the
chances are regarded pessimistically.

May Bring Holiday
In the end, most of the American
delegates believe the conference's
achievements will probably be lim-
ited to battleship building holiday,
which will enable the British and
American governments to save
three-quarters of a billion dollars
each would have spent in the next
10 years under the terms of the
Washington treaty.

It can be stated most positively
that the American position is
strongly against the proposal to
abolish capital ships which probably
will be advanced by France and
Italy, neither of which can afford
them.

Reflecting the attitude of the
American general board, Secretary
of State Henry L. Stimson considers
battleships still as the "infantry of
the sea" and as the "core of the
navy."

COAST GUARD IN LIQUOR SCANDAL; AUTHORITIES SAY

Bribery, Liquor Running
Contained In Charge
Against Men

Toledo, O., Jan. 18.—Exposure of
a bribery and liquor running scandal
along the shores of Lake Erie, which
saw the coast guard, was being made
here today.

The exposure was first indicated
late yesterday with the announce-
ment that Ollie Zeas, of Port Clin-
ton, Lake Erie coast guardsman,
has been held in the Lucas county
jail for the past two weeks. He was
arrested January 3, but the arrest
was not made public until yesterday.

Seven coastguardsmen were ar-
rested in December in connection with
the reported distribution by boot-
leggers of more than \$25,000 in
bribes at Port Clinton. Three of
these men are now being held as
military prisoners at Buffalo, N.
Y. federal officials here said.

It was indicated that these three
prisoners may have been stationed
at the Toledo base previous to their
arrest.

Zeas was named in a secret indict-
ment, on charges of conspiracy to
violate the federal prohibition laws,
which was returned by a federal
grand jury recently, according to
Lee Murlin, assistant United States
district attorney.

Zeas is charged with being im-
plicated with James Courtney, pur-
ported ring leader in the liquor traf-
fic on Lake Erie. Courtney is also
under an indictment here following
his arrest in Cleveland several weeks
ago. He was arrested with Larry
Davidson, former government liquor
agent and another reputed leader in
liquor traffic.

The case of the three men who
are being held in Buffalo, is said to
center around Courtney. They are
W. T. Wynder, W. J. Blakeslee and
Joseph Libby.

SHERIFF WORKS ON DEATH CASE

Investigation of Death
Of Little Girl
Continues

Investigation of the fatal accident
which caused the death of Lydia
Ann Sheesley, 10-year-old school
girl who resided near Canfield has
not been completed by Sheriff Adam
Stone, of Mahoning county.

Frank Willard, of Salem, was
driver of the truck which struck the
little girl. She died several hours
later in City hospital here.

Sheriff Stone stated Friday that
it was probable charges would be
filed in the case, but that he would
take no action until a thorough in-
vestigation of the case had been
made by his office.

Senator's Home Lost In Friday Blaze

Washington, Jan. 18.—The home
of Senator Key Pittman (D) of
Nevada, here, was destroyed by fire
early today. Three firemen were
hurt, but not seriously.

The home, a country place on
Ridge road, has been considered one
of the handsomest in Washington's
outskirts. The roof was blown off by
an explosion of undetermined origin.

May Bring Holiday
In the end, most of the American
delegates believe the conference's
achievements will probably be lim-
ited to battleship building holiday,
which will enable the British and
American governments to save
three-quarters of a billion dollars
each would have spent in the next
10 years under the terms of the
Washington treaty.

It can be stated most positively
that the American position is
strongly against the proposal to
abolish capital ships which probably
will be advanced by France and
Italy, neither of which can afford
them.

Reflecting the attitude of the
American general board, Secretary
of State Henry L. Stimson considers
battleships still as the "infantry of
the sea" and as the "core of the
navy."

CRUSADERS WILL GATHER TONIGHT

National Plan of Group
Favoring Temperance
Announced

Cleveland, Jan. 18.—Following on
the heels of the 10th anniversary
of the 18th amendment, national or-
ganization plans of the Crusaders,
founded here eight months ago to
"substitute real temperance for pro-
hibition interference," will be
drawn up here tonight at a meet-
ing of the executive board.

According to tentative arrange-
ments, 50 members of the board will
form representative groups of the
organization in every city of more
than 25,000 population north of the
Mason-Dixon line and between the
Atlantic and the Mississippi.

Definition of the aims of the
Crusaders were pointed out here to-
day, by Fred G. Clark, commander-
in-chief of the organization.

"The Crusaders are neither wet,
as the term is commonly applied,
nor are they dry," Clark said. "We
have seen the regrettable results of
an attempt to legislate morals, and
we propose to support any measure
which will bring order out of the
present chaos of attempted prohibi-
tion enforcement."

Major General Clarence R. Ed-
wards, wartime commander of the
Yankee division overseas, will be the
principal speaker at tonight's meet-
ing.

Clark announced today that sim-
ultaneous with the meeting of the
executive board here tonight, Crus-
ader organizations will be formed
in Detroit, Chicago, Milwaukee, Bos-
ton, St. Louis, Pittsburgh, Cincin-
nati, Toledo, Akron, Columbus, Phil-
adelphia, Minneapolis, Buffalo, New
Orleans, Rochester and Albany.

With this framework completed,
Clark said, organization plans will
then be carried into southern and
western cities.

Man Near Death

Columbus, O., Jan. 18.—James
Phipps, 22, of Chillicothe, is thank-
ful today that his injuries are only
of minor nature. He was struck
and knocked from an overhead rail-
road crossing by a freight car.
Phipps suffered head lacerations
and an injured shoulder.

To Cross Ocean Alone

ACCOMPANIED only by their dolls, Gerda Klautsch, 6, and her sister,
Elizabeth, 4, left their home in Chicago January 15, bound for Ber-
lin, Germany. Their father, William Klautsch, is shown bidding them
good-by. The children will spend a vacation with their grandparents in
Berlin.

ELECTION BOOTH CASE NEARS END

Spectator Robbed During
Bucyrus Trial Of
Two Women

Bucyrus, O., Jan. 18.—Mrs. Elea-
nore Blake and her sister, Mrs. Ed-
na Nelson, ousted election officials
of Precinct D at Crestline, who
are on trial here on charges of bal-
lot tampering, are expected to learn
their fate today, from the jury of
10 men and two women who have
been hearing the case for five days.

The two women were ousted from
office with the entire precinct elec-
tion board, all women, following an
investigation of the votes which
were cast during the village pri-
mary last August.

Both defendants denied from the
witness stand that they were
guilty of conspiracy to defeat Mayor
L. P. Waldhauser for re-election and
Mrs. Elizabeth Lindsey for village
clerk. The defense rested its case at
5 o'clock yesterday.

The case was expected to go to
the jury late today, following clos-
ing arguments.

Bucyrus, O., Jan. 18.—Police to-
day were searching for a pickpocket
who robbed an unidentified spec-
tator at the trial of Mrs. Eleanor
Blake and Mrs. Edna Nelson here
yesterday.

A sensation was created when the
robbed man ran into the sheriff's
office, which adjains the court
room, and declared his pockets had
been relieved of \$10 by some one
in the overcrowded courtroom.

In the excitement which followed,
the man left without giving his
name.

Tunney Recovering Rapidly, Is Report

New York, Jan. 18.—Gene Tunney
is making rapid progress toward
complete recovery, it was announced
today.

The former heavyweight champion
is in Presbyterian hospital where he
underwent an operation for a kidney
ailment several days ago.

"He is out of pain, very cheerful
and has a normal temperature," said
a bulletin by his physicians.

Italy Causes Crisis In Hague Meeting

London Jan. 18.—A sudden crisis
raised its head at the Hague repa-
rations conference today when the
Italian delegates declared they
would not sign the Young plan un-
less all the creditor powers agreed
to guarantee that Italy's claims
against Hungary and Czechosla-
kia would be satisfied, according to
an exchange telegraph dispatch
from the Hague.

TEMPERATURE IN CITY HOVERS AT LOW POINT; SNOW

Mercury Tumbles To 20
Below Zero In Area
Around Chicago

SUFFERING INTENSE IN MANY STATES

Cold Adds To Misery Of
Flood Stricken People
In Indiana

BULLETIN

Columbus, O., Jan. 18.—Ohio
as experiencing its coldest
weather of season this morning,
according to official report
which received by the federal
weather bureau here.

Eight below zero was the av-
erage temperature throughout
the state and the mercury was
still dropping.

Columbus shivered with a
temperature of 6 below at 7
o'clock, and at 11 o'clock, shud-
dered in 8 below weather.

Cincinnati and Toledo both
reported 8 below.

With the mercury slipping from
25 degrees above zero Friday after-
noon to three degrees above at 6 a.
m. today Salem was experiencing a
touch of the intense cold wave
which is holding the mountain
states, east of the continental di-
vide, and middle western states in
its grip today.

The near-zero temperatures in
Salem continued throughout morn-
ing hours and had risen but slight-
ly at noon. One of the heaviest
snowfalls of the season rode into
Salem on the cold wave.

Chicago and vicinity shivered at
five above at 6 p. m. Friday and by
4 a. m. this morning mercury had
tumbled to 20 degrees below.
Twenty-five degrees below zero
was expected before noon.

Suffering is intense.

Temperature records fell every-
where throughout the west, the
lowest was recorded at Basin, Mont.,
last night with a 55 below zero read-
ing. International Falls, Minn., re-
ported a record of 42 below. Des
Moines, Ia., experienced 26 below
zero weather, the mercury dropped to
20 below in Kansas and 10 be-
low in parts of Texas.

Blizzard Rages In West
A severe blizzard accompanied
the frigid blast in western moun-
tain states.

Twenty persons are missing near
Caspar, Wyo., as that section suf-
fered in the first blizzard in many
years. Denver, Colo., and Flagstaff,
Ariz., are held in the blizzard's grip.

Idaho, Montana and other foothills gra-
zing states suffered heavy losses.

American Legion men fought the
sub-zero cold and a raging blizzard
in their efforts to rescue fifty fam-
ilies marooned on the flood-swept
lowlands in the Vincennes, Ind.,
area when a break occurred in the
main levee on White river west of
Decker Chapel yesterday, flooding
the area with ten feet of water.

Ten of the families that failed to
get out of the district were forced
to seek shelter in the Decker school
building and the Methodist church.

Without Clothing
It was feared that they could not
long survive there without relief
and many of them, including wom-
en and children, left their homes
without food or blankets.

Gangs of laborers at Mount Car-
mel, Ill.,

BETTER QUARTERS
The tenement district in New York city has been used frequently as an example of unfavorable living conditions. Those who have seen human beings crowded into its unsanitary quarters and fighting for air and space cannot forget their horror.

Information concerning a block of model tenements to be erected in the heart of this district is creating in consideration of the widespread interest concerning conditions among the poor classes of the larger cities. The plans for this interesting project call for coverage of only 50 per cent of the plot, spacious garden courts, elevators, direct lighting for every room, cross ventilation for every apartment, a community bathroom, library and day nursery, perhaps even a swimming pool in the cellar. By next year, 25 east side families will be domiciled under conditions that are nothing short of revolutionary for the neighborhood. It will be an event of significance to every city that has a similar housing problem.

There is an obvious catch, however. Among the higher things to which poor neighborhoods are rising is higher rent. Estimated rentals per room in the New York project are \$12 a month, which is not excessive for the type of housing offered, but is considerably higher than the \$5 a room rate which attracts residents to live under almost inhuman conditions. Yet, by this time the public should realize that decent quarters are impossible under the latter rate and the fact that the increased rentals may be too high for the poorest families does not condemn the idea because people somewhat above the minimum income level are entitled to the best housing they can afford. Furthermore the usefulness of any single improvement of so outstanding a nature tends to raise the level of an entire neighborhood by the infection of example.

It would seem that in New York, as well as in other cities, it should be possible to strike a middle course in the solution of the housing problem. The workingmen's families with an average monthly income of \$100 or \$125 a month cannot pay \$12 a room to obtain the advantages of swimming pools, libraries, gardens and electric refrigerators. They should be able to pay a little less and receive in return ordinary living quarters in contrast to the squalid dens they are forced to occupy now. There should be a leveling of the two extremes of living conditions and there is no apparent reason why it couldn't be done profitably for both owner and renter.

What Others Say

MAKING WAR IMPOSSIBLE

On landing in New York General Smuts made a frank and, mainly statement of his objects in coming to America. He proposes to speak his honest thought on the League of Nations and on other means of preventing war, but he is not here as the agent of any cause, least of all to instruct Americans in their duty. He himself considers the league a great success, despite all shortcomings, but whether the United States is ever to join it is our affair, not his. His outlook upon the world can open the future of international relations is filled with hope, mainly because, as he believes, war has been made impossible.

The chief reason which he gives for this confidence is that war has become both "physically and morally impossible," on account of the new devices for wholesale destruction which have made it too horrible for men in their senses ever to contemplate or undertake. By so much General Smuts sides with those who hold that war will be ruled out hereafter if only because of its "horror." But the term is relative. General Smuts recalls the Boer war of thirty years ago, in which he participated, and declares that, by comparison, it was "really a gentlemanly thing." He adds, with a kind of soldierly humor, "I am not sure I didn't like it." This reminds one of the letter extended by General E. Lee in our Civil War that fighting battles and conducting great strategic manœuvres might become so fascinating to the officers engaged that they would come to think of it as about the finest sport on earth.

Certainly, at the time, the Boer war was not regarded as gentlemanly.

mainly What with the generalization camps and the starting of women and children, it was cried out upon as one of the most cruel and barbaric ever waged. Possibly to a future generation, poison gas will seem no more terrible than old-fashioned powder when it was first used. To say this is not to doubt that for a long time the possibilities of wholesale torture and slaughter in war will have a powerful deterrent effect. That will be true for several years to come, but whether the next generation will be completely swayed by this argument no one can predict.

It is the known consequences of war, more than in its imagined horrors, that we have a guarantee of lasting peace. It has been found out that war is stupid. It does not pay. Its frightful financial penalties rest upon the victors almost equally with the defeated. It used to be said that Germany regarded war, in the light of her own experience, as her most promising means of trade expansion and prosperity. No nation could today rest under that pitiable delusion. War is the worst investment known to civilization. This is perhaps the strongest reason for pushing ahead with every organization and device—like the League of Nations, the Locarno treaties, the Kellogg-Briand treaty, naval conferences, the World Court—in order to make it probable that resort to war will never be necessary. Certain wars are already pronounced "unthinkable." But it will still take a lot of thinking, followed up by building of secure bulwarks of peace, in order to make sure that they can absolutely be prevented.—New York Times.

RIGHT FOOD FOR SICK WILL SPEED RECOVERY

By ROYAL S. COPELAND, M. D.
(United States Senator from New York)

Many persons write to ask about the diet for the sick. Perhaps a few suggestions along this line will not be amiss.

Food for the sick must be well cooked and with little seasoning. The doctor will order a particular form of diet. But he may be so busy he forgets to give you details. Perhaps this grouping of diets will help:

The liquid diet. This consists of a variety of broths of chicken, lamb, beef, oysters and clams. Gruels, milk buttermilk and malted milk are included. Likewise, egg-nogs with various flavors, cream soups, kumats, orange and grape juice are in this group, as are vegetable broths, cocoa, and, in some cases, tea and coffee.

The soft diet. In connection with the liquid diet, one could serve soft cooked eggs, milk toast, custards and junkies, and tapioca pudding. Also we may include mashed bananas or apple beaten with the white of egg, flaxing island, rice pudding, less cooked cereals, tomato juice or soup, almost any vegetable puree, jelly, broths, fruit juices, prune whip and stewed fruits.

The semi-soft diet. This includes both the soft and liquid diets as given together with solid foods which can be easily digested. It embraces tender chicken, oysters, scraped boiled beef, all the doctor's discretion, squabs. Any of the cereals may be used, and also creamed and mashed carrots, spinach, asparagus, celery, peas, beets and baked potatoes. It might possibly include crisp bacon, ice cream baked apples and soufflé.

The light diet. This might include all foods we have mentioned, with other vegetables added, with the exception of cabbage, dried peas or dried beans. It would include fish, lamb, sweetbreads, steak, tongue, with light desserts.

The special diet. This should be taken charge of by your physician.

Twenty Years Ago

(Issue of Jan. 18, 1910)

Prof. Park R. Kolbe, of Akron, former teacher of German in the Salem public schools, will complete his work at Heidelberg university, Prof. and Mrs. Kolbe will sail for Germany Jan. 29.

The Jolly Brothers Glee club perfected an organization Monday evening by electing R. N. Brady president; Henry Stuffer, secretary, and Prof. G. P. Andrews, director. The club has 35 members.

Grades one, two and three in all the public school buildings of the city were dismissed Tuesday morning for the day, owing to the overflow of slush and water on the streets.

Floods caused by the rains of Monday night and Tuesday morning have interfered with street car service in Canton.

War on the meat trust which

originated in Cleveland on Saturday when thousands of laboring men there signed agreements to abstain from eating meat for 30 days has spread to Salem. Yesterday afternoon similar petitions were in circulation here.

Frank G. Whitcomb and family will leave Tuesday for Los Angeles, Calif., where they expect to live.

Mrs. Elmer Elmer is ill at her home Perry st.

George Gossidy, employed at the Buckeye Machine shop, had his foot crushed in an accident Tuesday afternoon when a casting fell on it.

William Hicks, who has been on the Adams Express wagon for a year in this city, will conclude his services this week and enter the railway express service. Hicks will have a run between Pittsburgh and Crestline.

Donald Rice, who has been suffering from tonsillitis, was reported Tuesday to be steadily improved.

Dr. Kisha Blackman left Tuesday on an eastern trip to attend Philadelphia, Baltimore, and North Carolina yearly meetings of Friends.

The Stars Say

For Sunday, Jan. 19

Sunday's horoscope holds token of the most propitious state of affairs in spite of certain tendencies to unrest and the possibilities of a definite measure of setback or postponement. With firm resolution and resistance to obstacles, there is splendid promise of advancement, preeminence and prosperity. Contracts and writings should flourish.

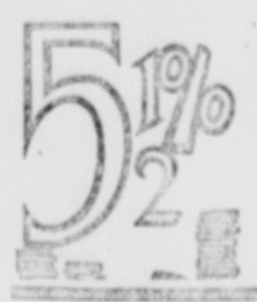

Those whose birthday it is may anticipate a year of great progress and advancement if they will persist against delays and obstacles as well as a tendency to make rash and precipitate change or removals. New contracts and affiliations are in sight which should bring recognition or favor from those in places of authority or position. A child born on this day should be versatile, clever and ambitious and should attain high places in spite of much opposition and obstacle. It may be a child and fond of change, which however may bring it in line with a public position in life.

For Monday, Jan. 20

Monday's astrological forecast is for some peculiar relations or influences of a private nature in which writings or letters may hold a new position. The personal affairs may assume a schismatic or irregular angle. Matters generally should not be put in jeopardy by a propensity to rash and tempestuous words and speech. Calm self-control may meet and overcome disaster.

Those whose birthday it is are on the eve of a year calling for complete discretion and of control. The personal affairs are under a sun of irregular or intriguing situations, with the augury of letters or writings contributing to renovation or developments. Rash words and precipitate or tumultuous conduct hold threat of many sided dangers. A child born on this day should be given strict training and discipline in self-control in conduct and speech lest it invite many peculiar situations in life. Its personal career may have spectacular angles, with strategy and intrigues imminent.

1929 taxes became a lien April 5, 1929, the day following the second Monday in April. One-half must be paid not later than December 31, 1929. Last half must be paid not later than June 30, 1930. Unless time is extended, taxes have been extended to January 30, 1930. The correct way to pay a full year's tax with interest is to pay in December for the year and the following June.

Penalty on delinquent Real Estate and Personal Property is 10 per cent.

When writing for a statement of your taxes, please specify appears on the "Taxes" page of the State of the person having the taxes. And the 1929 and that the law requires the taxes, a book and receipts to be made on the 1st of the party owning property, and the taxes.

In writing for statement of taxes, always send last receipt, or give name of owner in April, 1930, stating plainly in what city, town or township located, and whether real or personal property.

When you write for statement or pay by mail, enclose a self-addressed stamped envelope for reply.

Examine your receipts and see that they are correct before you leave the Treasurer's Office. Treasurer's Office will be open from 8:30 A. M. to 4:30 P. M.

FRED GEORGE,
LINTON, OHIO, 1929. COUNTY TREASURER.

A STATEMENT OF OLDSMOBILE-VIKING POLICY for 1930

A message of interest to everyone who expects to buy a car this year.

AT THIS TIME, when the public is accustomed to look for changes in motor car design, it is only natural that Olds Motor Works should make an announcement concerning both its policy and its products for the coming year.

Olds Motor Works is pledged to a policy of progress—a policy that promises, in part . . . "Changes in design solely for the sake of progress—never for the sake of change alone."

This policy, as it applies to the two products of Olds Motor Works, is briefly . . .

. . . to give still greater value in the Oldsmobile Six, the Fine Car of Low Price . . .

. . . to provide, in the Viking, a modern 90-degree, V-type Eight of high quality, at medium price.

Certain changes have been made in Oldsmobile design. These changes are chiefly in the body of the car, although advancements have also been made in the chassis. In every case, the changes tend to add

to Oldsmobile value, without affecting its fundamental design.

Naturally, no changes have been made in the great Viking Eight. The Viking is a new car—a thoroughly modern 90-degree V-type Eight, incorporating advancements in V-eight design that establish it as one of the outstanding engineering achievements of recent years.

Olds Motor Works is pledged in both Oldsmobile and Viking to four great responsibilities: to design progressively—to build faithfully—to sell honestly—to service sincerely.

Thus, while Olds Motor Works builds two cars, in two major price classes, each represents the most progressive engineering thought, the finest manufacturing practice, and the best value it is possible to give at the price.

Now is the time to see these cars . . . to compare them with the latest offerings of the industry . . . and to make your own decision on value.

DOCTOR ATTACKS AMERICAN PLAN IN DRY WARFARE

Thousands Poisoned By Government's Methods, Speaker States

Washington, Jan. 18.—A physician took the floor of the House late Friday and charged that thousands of Americans are being poisoned as a result of the government's practice of putting poison in industrial alcohol.

The speaker was Rep. William J. Bennett (D., N. Y.), a fellow of the American College of Surgeons. He demanded that the practice be stopped. He said alcohol could be made unfit for beverage purposes without resorting to poisons.

Bennett's speech featured the day's congressional debate, which launched the second decade of national prohibition. He filed a table placed before the speaker's rostrum with test tubes of medicine, and said which he used in illustrating his address. A chart also hung conspicuously to emphasize his arguments.

"Bootleggers, thieves and gangsters" are diverting countless gallons of this potent alcohol from giant industrial plants from under the very noses of federal agents, he asserted.

While the doctor-legislator was haranguing the house, Rep. Melvin J. Maas (R., Minnesota), was proposing a "wet amendment" whereby the prohibition would hold its own hearings and report its own bill.

Maas declared that "dry" congressional committees won't give the anti-prohibitionists a fair hearing. He intended to lay his proposal before the meeting of the wet bloc, scheduled for Monday, at which a debate program will be mapped out.

WASHINGTONVILLE

The Dorcas class of the Methodist Sunday school taught by the Mrs. Walter Smith, were entertained Thursday evening in the home of Miss Jennie McFay. The business session was followed by a social evening with contests and games.

Honors were awarded to Miss Wilma DeJans, Mrs. Vance Atkinson and Mrs. Marvin Fieldhouse. Lunch was served by the hostess. The next meeting will be held in the home of Miss Hazel Barton at which time a Valentine box will be opened.

Mr. and Mrs. Henry Richards of Hills were visitors Thursday in the home of their daughter, Mrs. Curtis Grindle and family.

Charles Anshelmyer, Erie agent, is spending a few days in Columbus. Miss Emma Souther of Lowellville is spending a few days here with relatives.

The Women's Home Circle club members were entertained Thursday evening in the home of Mrs. James Grindle, with Mrs. Carl Weiler, Mrs. Ralph Warner, Mrs. H. L. McIntosh, Mrs. L. J. Davis, Mrs. Curtis Grindle and Miss Florence Weikart as special guests. The evening was socially spent with contests and entertainment. Prizes were won by Mrs. H. L. McIntosh, Mrs. Leon Vignon and Mrs. C. H. Weikart.

The hostess invited lunch. In two weeks the club will be entertained in the home of Mrs. Elmer Indermill.

Mrs. Maggie Spear visited with relatives at Lisbon on Wednesday. Among the Salem visitors Thursday were: Mr. and Mrs. Curtis Grindle, Mrs. George Vaughn, Mrs. Leon Vignon, Mrs. Ansel Schuster, Mrs. Lloyd Culler and Mrs. Ray Davis.

Mr. and Mrs. J. R. Paisley and son of Youngstown, were callers Friday evening in the home of his father, J. N. Paisley.

Mrs. Sara Morrow, nee Harold, of Orville, and Howard Barnes, of Minerva, spent Sunday in the home of Mr. and Mrs. George Morrow.

J. N. Paisley went to Cleveland on Saturday morning where he will visit in the home of his son, Clifford Paisley and family.

J. G. Thebe was a Lebanon business caller on Thursday.

Pedestrians Plan To Protect Rights

Hartford, Jan. 18.—Pedestrian associations are some of the needs of the day, according to Robbins H. Stoeckel, state commissioner of motor vehicles.

"Pedestrians have not organized as have other human participants in traffic, yet their needs in traffic are substantially greater than those of any other group," says Mr. Stoeckel. "There are no pedestrian associations, yet the pedestrian ought to stand up for his rights and see that whatever money a necessary is spent to secure protection."

Commissioner Stoeckel's call for pedestrian "lobbying" is amplified by his statement:

"Management of pedestrian traffic has thus far been assumed by cities and towns. It appears that this is the ideal position of that activity because a pedestrian is not usually apt to be far from home and he has his needs in mind better than any one else. He can gather his friends and neighbors who are in a similar situation, and call for the building of sidewalks and the establishment of safety rules for his own particular welfare."

"The automobile is not entitled to exclusive consideration. It has had in matters of traffic management," the commissioner insists. To prove his assertion of a minority that controls a great majority he points out the Connecticut situation where "in a resident population of 1,059,000 or more there are only 323,000 registered motor vehicles and a shifting non-resident population of 10 per cent."

Then Commissioner Stoeckel calls attention to "35,500 horses, 79,000 dogs, uncertain numbers of cattle, pigs, cats and chickens, bicycles, tractors, trolleys and trains at grade crossings which add to the total of highway users."

Columbia To Seek Bad Teeth Cause

New York, Jan. 18.—Unknown factors causing tooth decay will be ferreted out in a program of research to be launched Feb. 1 by the School of Dental and Oral Surgery of Columbia University. The research will continue for three years.

Dean Alfred Ostry believes the results of the study may "greatly affect dental practice." As matters now stand, pyorrhea and tooth decay are "more prevalent than the common cold," but science isn't certain that all the causes have been properly charted.

The research was made possible by a grant of \$35,000 from the Commonwealth Fund for work to be done in 1930, with a like reservation for the two succeeding years, according to the announcement of President Nicholas Murray Butler.

"The old theory that tooth decay is due solely to acid films formed on the surfaces of teeth by the fermentation of food debris is inadequate," said Dean Ostry. "The active agent of destruction may still be proved to be an acid formed by bacteria, but there is reason to suspect the existence of some further unknown factor."

Cubist Paintings Portray Emotions

New York, Jan. 18.—The newest thing in art may look like a splash of color in the eyes of all cubist style—but it isn't that. These paintings are really studies in persons' emotional lives. They're "psychological portraits."

Miss Katherine S. Drier of New York is the mother of psychological portraits. An exhibition of the new art has been opened in Brooklyn. Attracting considerable attention is Miss Drier's "study" of Ted Shawn, the famous dancer. The painting bears no resemblance to a human being, but is supposed to express Shawn perfectly.

Mr. and Mrs. J. R. Paisley and son of Youngstown, were callers Friday evening in the home of his father, J. N. Paisley.

Mrs. Sara Morrow, nee Harold, of Orville, and Howard Barnes, of Minerva, spent Sunday in the home of Mr. and Mrs. George Morrow.

J. N. Paisley went to Cleveland on Saturday morning where he will visit in the home of his son, Clifford Paisley and family.

J. G. Thebe was a Lebanon business caller on Thursday.

OUR READERS HAS OTHER VIEWS

Editor, The News:
This is an answer to the article appearing in this column last night, and written by a gentleman who is so ashamed of his article as to hide his identity under the "Z."

Ten years are gone since the adoption of prohibition. The honest, temperate people are gone. The speakeasies, the visiting places of all men, honest and corrupt, have taken their places. There are thirty-two thousand in New York City alone.

The wages are higher. There is more money in this country—among the millionaires.

Before prohibition the individual spent only the money necessary for his own drinks. Now, because of the increase in price, he must pay more for his drinks, and in addition he must pay to keep himself and the next fellow from drinking.

Two hundred thousand dollars are gone, but I repeat: There are thirty-two thousand speakeasies in New York City alone. The risk, the adventure in obtaining liquor lures boys to become criminals—under the Volstead act.

The general public cannot glimpse into those so-called "holy of holies," only known followers can enter; but they are without number. A drunk and cannot drive a car or fly an airplane. That's why we say, "Wipe out the thrill of drinking liquor under cover." The greater the penalty, the greater the thrill.

Mr. "Z," you are not the only one who is trying to encourage himself by saying that this is Victory Day. Many others are saying the same, but yet they feel that the victory is quite doubtful.

DANIEL W. WEBER, JR.

Sure Way to Stop Night Coughs

Famous Prescription Brings Almost Instant Relief

Night coughs, or coughs caused by a cold or irritated throat, can now be stopped within 15 minutes by a doctor's prescription which works on an entirely different principle. This prescription is put up under the name Thoxine and is available to everyone.

Having Thoxine on hand is a safety measure against all coughs and throat irritations. Thoxine contains no harmful drugs, is pleasant tasting and safe for the whole family. Sold on a money-back guarantee to give better and quicker relief for coughs or sore throats than anything you have ever tried. Ask for Thoxine, put up ready for use in 25c, 50c, and \$1.00 bottles. Sold by The J. H. Lease Drug Co., Fleming's drug store and Bolger & French's and all other good drug stores.

Military Training In Schools of India

New Delhi, Jan. 18.—A campaign to establish compulsory courses of both military and physical training in the principal universities of India met the approval of the All-India university leaders in an important session held in this city.

Thirty-nine universities were represented. A resolution declaring for compulsory military training was adopted and an amendment declaring that compulsion should not be exerted upon individual students was lost by a vote of 18 to 21. It is understood that the military training plan was proposed with the consent and encouragement of the British government in India. The deputy secretary of the army department announced to the conference that the government had in mind an intensive course of four-years' training and would make funds available for it.

A resolution permitting undergraduates, certified as physically unfit for military training, was adopted, but only those students will be exempted from the program to be now so widely instilled. A reserve army corps will be organized among the colleges and uniform courses will be adopted. In this the government will have a hand. Individual universities will be left free to reject the program, but it is expected that government pressure will bring them all in. It is expected that a commissioner of medical qualifications will be appointed by the government to supervise the new systems of physical training.

Washington, Jan. 18.—Every day is meeting day for President Hoover's "medicine ball cabinet." Rain or shine, hot or new, the cabinet reports at the White House early and gets into action on the rear lawn at 7 a. m.

Today the players tossed the old exercise ball in a heavy snowstorm with about two inches of sleet and ice already underfoot. They wore heavy sweaters, sturdy shoes and rubbers.

The "pure in heart" have been promised their reward. See the Scriptures. So the forbidden book publishers may as well cease to annoy Boston.—St. Louis Globe-Democrat

HAVE YOU SEEN THESE TWO GREAT NEW CARS?

THE NEW OAKLAND 8

GENERAL MOTORS' Lowest-priced Eight

\$1045 AND UP

Three years of actual designing and testing preceded the announcement of the New Oakland Eight. In addition it incorporates General Motors' sixteen years' experience in building fine eight-cylinder automobiles. This mature background accounts for its sound basic design.

Superior Performance

The New Oakland has an 85-horsepower engine. This is the highest power ever employed in a car of Oakland's size and weight, racing cars excepted. Oakland develops one horsepower to 37 pounds of car weight. That's why few cars are as fast. That's why few, if any, can pass it on the hills. That's why it accelerates so rapidly. In fact, that is the reason for its superior performance.

Eight-Cylinder Performance

With its high speed and fast acceleration, the new Oakland combines the smoothness resulting from the overlapping power impulses inherent in eight-cylinder design. This smoothness is intensified by such features as its complete down-draft fuel distribution, its patented laminated spring and rubber engine mountings and a new type of cylinder head which assures uniform combustion.

Only a close inspection and a demonstration will enable you to understand fully the many advantages provided by the New Oakland Eight.

The New Oakland Eight, \$1045 and up, f. o. b. Pontiac, Michigan, plus delivery charges. Lovejoy Hydraulic Shock Absorbers included in list prices. Bumpers, rear fender guards and spring covers extra. General Motors Time Payment Plan available at minimum rate.

NEW SERIES PONTIAC BIG 6

A FAMOUS NAME — A Finer Car

\$745 AND UP

Once again Pontiac has improved upon a car already noted for its excellent qualities. To the hundreds of thousands who own Pontiacs, and to everyone interested in low-priced automobiles, this announcement is important. For it introduces the New Series Pontiac Big Six—a new and finer car with a famous name.

New Beauty, Smoothness, Safety

Smart new bodies by Fisher make the New Series Big Six a more beautiful Pontiac. Pontiac's smoothness is increased by a new type of rubber supports for its 60-horsepower engine.

Improved non-squeak four-wheel brakes and a new sloping non-glare windshield add to the car's safety.

Time-Tried Performance

When these and other improvements were being made, all of Pontiac's basic big car excellence was retained.

Come in. Let us show you the many advantages of this finer car with a famous name—the New Series Pontiac Big Six.

The New Series Pontiac Big Six, \$745 and up, f. o. b. Pontiac, Michigan, plus delivery charges. Shock absorbers standard equipment. Bumpers and spring covers extra. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

Social Affairs

MILLER-HUNDERTMARK

Miss Kathryn Forbush Miller and John L. Hundertmark, of Alliance, were united in marriage at 4:30 p. m. Wednesday by Dr. P. H. Gordon, pastor of the Presbyterian church at his home, Franklin st.

Mr. and Mrs. John W. Hundertmark, of Salem, parents of the groom, were the attendants.

The bride is a daughter of Mrs. E. R. Barnhart, of Alliance. She has been employed in the Boston store in that city. Mr. Hundertmark, a talented violinist is well known in musical circles in Salem and Alliance. He is engaged in teaching violin.

A wedding dinner was served at the Barnhart home in Alliance. Red roses were used on the table and throughout the home. There were 16 guests, among them Mr. and Mrs. J. W. Hundertmark, Salem; Mr. and Mrs. Charles Loring, Mrs. Harvey Heller and Mrs. Alma Williams of Wadsworth.

The young people are at home at 31 East Washington st., Alliance.

FLEUR DE LIS CLUB

Pink and green tones were used effectively in the table decorations at a luncheon given by Mrs. H. P. Maeder Friday at her home, Cleveland ave., when she entertained associates of the Fleur de Lis club. The afternoon hours were whiled away at bridge. Mrs. Mary Bloom, of Youngstown, formerly of Salem, was in the company. Invited guests were Mrs. James Goodwin and Mrs. Ray Pearce, of Salem.

A meeting in three weeks will be with Mrs. C. H. Betts, South Linden ave.

SPENCER CLASS

Members of Mrs. Thomas Spencer's class of the Presbyterian church had a social and business meeting Friday evening at the home of Mrs. James Britt, Woodland ave.

Officers were elected. They include: President, Mrs. J. W. Hendricks; vice president, Mrs. Homer Barber; secretary, Mrs. C. E. Phillips; treasurer, Dr. T. Estelle Wright.

Refreshments were served by Mrs. Britt and her associate hostesses, Mrs. Spencer, Mrs. Robert Wright, Mrs. Vaughn Yates.

FRIDAY NIGHT CLUB

Mrs. Boyd Hyatt, of Philadelphia, was included in the guest list when Mrs. Zora Trotter, entertained members of the Friday Night Bridge club last evening at her home, East Third st. Their favored game furnished amusement. Three tables were engaged. Prizes went to Mrs. R. T. Holzbach, Mrs. L. D. King, Mrs. R. B. Finley. Lunch was a concluding pleasure. In two weeks the members will meet with Miss Myrtle Windle, Lisbon rd.

DAUGHTERS OF REBEKAH

The birthday anniversary of Thomas Whitley, one of the first Odd Fellows in this country, was celebrated Friday evening at the Daughters of Rebekah held at the hall, South Broadway. Miss Edna Dalsell read a paper on his life. Initiation also claimed attention.

The remainder of the time was spent informally and refreshments were served.

HOME CIRCLE

Suggestions pertaining to home-making were given by members of the Home circle at a meeting Friday afternoon at the home of Mrs. Maude King, Ellsworth ave. The February meeting will be with Misses Annie and Myra Blackburn, Ellsworth ave. The February meeting will be with Misses Annie and Myra Blackburn, Ellsworth rd.

BACHELOR GIRLS

Misses Dorothy Patton and Rhea Lepper were the prizes offered in the bridge games at a gathering of Bachelor Girls club members Friday evening at the home of Miss Mildred Hannay, East Fourth st. Two tables were in play. The hostess served lunch. In two weeks the members will meet with Miss Beulah Carnes, East Fifth st.

MEADOW BROOK CLUB

Mr. and Mrs. Ralph Wutrick, of Orwell, whose marriage was a recent event, were honored with a miscellaneous shower Friday evening at a meeting of the Meadow Brook Community club at the home of Mr. and Mrs. Chris Seigenthaler, Goshen Center rd. Mrs. Wutrick before her marriage was Miss Alberta Seigenthaler.

A program of music and readings was given. Lunch was served. On Feb. 20, the club will hold a meeting at the home of Mr. and Mrs. William Fogg, Ellsworth rd.

MACCABEE WOMEN

Mrs. Ora Lakin, past president, installed the officers for Quaker City bive No. 578. Ladies of the Maccabees, at a meeting Friday evening at the hall, East State st. Lunch was served at the social period.

German Cities To Assist Tourists

Berlin, Jan. 18.—Special permission for foreigners, at which information can be given in various languages, have been installed in the main postoffice in the Spandauer Strasse and in the main railway office. The beginning of the tourist season will bring a similar convenience in the new postoffice under the Linden.

The example set by the German capital has also been followed now by the main postoffice in Britain, and windows for foreigners will soon be opened in the postoffice in the Elisenstrasse at Aachen, Kildes and Landeck.

Auto-Car Collide

Dayton, O., Jan. 18.—Robert Gross, 37, a near death in a hospital here today with a fractured skull and other serious injuries which he suffered when the automobile that he was driving skidded and crashed into a street car late yesterday.

READ THE WANT COLUMN

N. Y. State Legislator Minority Leader Dies

Peter J. Hamill, minority Democratic leader in the New York State Assembly, who died following an operation for appendicitis, which took place a week ago. Two blood transfusions were of no avail. Hamill succeeded Maurice Bloch as minority leader when the latter died of the same ailment a month ago.

Grandson of Grant Host To Tourists

Washington, Jan. 18.—Lt. Col. U. S. Grant, 3d, whose grandfather led the Civil war, is the local general of a vast army comprising natives of both the North and South and the East and West. It's the army of tourists, always charging here to see the sights and come in all sorts of motor contraptions.

It's Grant's duty to take care of those who do not plan to patronize the hotels; the type who "rough it along."

He has had a little colony of cabins erected at the tourist camp along the Potomac and has started preparations to erect more because of the great influx of motor tourists.

The hotel men heard about his plans and formed a delegation to make a complaint. They said the cabins were hampering their business. Grant verbally fought for his army. He told the hotel managers the tourist cabins do not attract persons who would ordinarily go to a hotel. Furthermore he told them the cabin accommodations consist only of a small, plain room and a bed and no hotel conveniences.

Plans for the additional cabins are going ahead.

Short Lunch Hour Adopted In Paris

Paris, Jan. 18.—The American short lunch hour is fast replacing the usual pre-war two-hour French recess with good results both to worker and employer. Gradually becoming accustomed to the change, it is said that the workers prefer stepping an hour and a half earlier in the evening and certainly more work is accomplished in the end.

Communications have also become so difficult with the growing traffic that a large number of working people are unable to reach their homes for the midday meal and are at a loss as to what to do during the long two-hour period.

Leaders of the Democrat-insurgent coalition in the senate and the regular Republicans agree that the tariff bill will be kept before the senate until it is passed; another sign that it will be a long, hard winter.—Boston Globe.

Soviet Trade Union Ousts Bonus Takers

Moscow, Jan. 18.—Half a dozen employees of the German shoe polish and cleaning fluids concession, Stock and Company, have been ousted from the trade union with reprimands "for losing their class faces" because they accepted the company's bonus for faithful service.

The tradeunion leaders held that bonuses were merely tips and bribes given for and in anticipation of harder work. Directors of the company assert that the bonuses were given out by surplus profits to merited employees whose labor was minutely regulated by the tradeunion.

Some one has produced an automobile that operates through the diaphragm of an electric voice. Probably a development of the backseat driver.—Philadelphia Inquirer.

FOOT TREATMENT

Consult Dr. Dull, chiropodist from McKelvey's, of Youngstown. Corns, bunions, painful heels, ingrown toe nails, flat feet, and other foot ailments treated. He can assure you real foot comfort and health. Phone 200 for appointments. Clara Finney's Beauty Shop. Monday evening 7 to 9.

HOW ARE YOUR DOORS? Do you notice a draft when you are near them? If so better call us and let us weatherstrip them. A weatherstripped door will pay for itself in a very short time by giving you comfort, eliminating dirt, leakage and saving fuel. Buckeye Weatherstrip Co. Phone 1679 or 1376.

HENDRICK'S SPECIALS—Peanut brittle, 20c; butterscotch chews, 49c; special 2 pound box, \$1.00.

WANTED—All fresh eggs and chickens

Late-Quarter Rally Gives Salem 36-25 Over Wellsville

Red And Black Forced To Limit In Inaugural County Tilt Of Season

Salem High extended its record of consecutive victories for the 1935-36 basketball season to three at the expense of Wellsville High county representatives, eked out a 36-25 decision in the closest battle fought between the two schools in years, here Friday night.

Wellsville High for five seasons an easy mark for Red and Black basketballers, proved anything but a setup and forced the Stonemen into a sensational late-quarter rally before it admitted defeat. Behind by 12 points when the first quarter ended, the Orange and Black tusslers indulged in an eight-minute scoring rally that resulted in Salem's being forced onto the small end of a 21-20 score at the half.

Wellsville's second quarter spree was one of the most spectacular seen in an inter-county game in several seasons. The Orange and Black tusslers, who had scored less than 10 shots at the opposing team's hoop during the entire eight minutes of play and scored only four points, two of them coming from the foul line. The Evans machine gathered in a total of 17 markers.

Game Lacks Thrills
It was a game that, despite its closeness, for some reason or other lacked thrills. It was only spasmodic, all too fast, continually rough and almost throughout was entirely devoid of good basketball. The Salem combine was taken completely by surprise in the visitors' sensational rally in the second quarter and was unable to display any flashy type of game until the last session, when it clinched the verdict.

Salem started strong, rolling up a 12-point surplus in the first period, the score being 16-4. Smith opened the scoring with a foul shot and Early followed with two more points via the same route. Shanks then tallied for Wellsville but Greenstein, Sartick and Beck each heaved a fielder in for the Salem team. Early tallied a free throw and Beck two more. Field goals by Smith and Beck for Salem and Early for Wellsville, closed the scoring.

Sartick fouled Daugherty in the first play of the second quarter. Daugherty scored the shot and Wyper caged a free throw after being fouled by Smith. Wellsville's third straight foul point was made by Buckley after Greenstein was penalized for holding. Smith scored for Salem with a short shot from the side.

Wellsville's rally started from then on and Salem seldom was able to

Billiards Popular Sport In Planes

Detroit, Jan. 18.—When you are making a few hundred mile jaunt via air, and when you become tired of resting peacefully in your chair, you may find that you soon will be able to go into the parlor and play a game of billiards with your friend to pass the time away.

For it has been proven successfully that billiards can be maneuvered while an airplane is soaring above the clouds. The test was made here when Ralph Greenleaf, recent winner of the world's championship billiard tournament, took one in hand, boarded a plane and knocked the ivories about a small table placed in a large passenger plane.

Through the courtesy of the Skout airlines, a party of newspapermen and representatives of the Balk-Calendar Billiard company, took four short flights in a 12-passenger plane, in which all but the two front seats were removed. Greenleaf gave exhibitions during each flight.

Beloit Wins From Damascus Players

Damascus, Jan. 18.—Goshen township High school basketball teams were defeated in games by the Beloit High team Friday night at the High school here. The girls lost by a score of 16-17, while the boys won a 25-13 victory.

The Damascus Quakers have scheduled a game with the Hoffman drug store team for the Monday night. Wendell Gilbert, of Niles, will be with the Quakers for the remainder of the season.

For the preliminaries the Beloit ex-high will play Darlington, and the Shamberg Eighth grade will play the Damascus eighth grade.

LEGAL NOTICE

Domings, David, if living, and if dead, his unknown heirs and devisees, all of whose residences are unknown, will take notice that Fred George, as Treasurer of Columbiana County, Ohio, has on the 26th day of Oct. 1929, filed his petition in the Court of Common Pleas within and for the County of Columbiana, and State of Ohio, alleging that on the 16th day of June, 1928, the County Auditor of said county filed with the Auditor of State a Delinquent Land Tax Certificate of the following described tract of land, to-wit:

Domings, David, Lot No. 3, Salem Heights 2nd Addition, Perry Township, Columbiana County, Ohio.

The prayer of said petition is for said land to be sold by the Sheriff of Columbiana County in the manner provided by law.

The persons first above mentioned will further take notice that they have been made parties defendant to said petition and that they are required to answer the same on or before the 1st day of March, 1930.

Red Army Danger To Russia Regime

Berlin, Jan. 18.—The greatest
danger to the Bolshevik regime in
Russia is the Red army.
This was the assertion of Dr.
Alexander Count Brockdorff in a
lecture before the Pan-German
League in Berlin.
Neither dissatisfaction among
the peasants nor famine can
prove dangerous to the Soviets,
Count Brockdorff said, because the
peasants are without arms and in
case of famine the enemies of the
Soviets starve first.
But, he asserted, the Red army
is now being recruited mainly from
peasant sons, and if only one divi-
sion of the Red army should turn
against the Soviets, the whole re-
gime would be in danger because it
was unlikely that other army di-
visions would fight against the mu-
tiniers.

ABOUT TOWN

S. of V. Meeting

Members of the Sons of Veterans
met Friday evening at the hall, East
State st., for their regular meeting.
An invitation to attend the revival
services at the Baptist church was
accepted. The meeting next week
will be held at 7 instead of 8 p. m.
and after a short business session
the members will go in a body to
the Baptist church for the service.

Lectures In India On Birth Control

Calcutta, Jan. 18.—Young Amer-
ica is supplying ancient India with
arguments on the eternal sex prob-
lem.
Dr. Sherwood Eddy, the American
educator, is now touring the coun-
try delivering lectures on the sub-
ject "Sex and Youth." He is ad-
vocating birth control. His lectures
command fashionable audiences.
Some of his talks are being given
in the Y. M. C. A. clubs.
"Much of the misery of the world
is due to large families," says Eddy.
"I am much against total absten-
tion among married people, because
that would be contrary to the laws
of nature. But I advocate scientific
contraception. Every man and wo-
man ought to be aware of the ways
and means of controlling birth.
There could not be any sin in this,
but rather it would be a greater sin
to bring forth children into this
world who could not be brought up
decently."

Eddy says he regrets that America
still maintains "some savage laws"
restricting the teaching of sexual
truths. "There," he says, "a man
who would advise a married woman
who is overburdened with children,
some of the aspects of birth con-
trol, runs the risk of imprisonment."
